An ElisiumScape curated private residence

The Residence

An immaculate brand-new five-bedroom family villa just a five-minute walk from Puerto Banús. This elegant, fresh and contemporary villa is set back from the bustle, yet a stone's throw from all amenities, and filled with state-of-the-art fixtures and fittings.

The ground floor offers open-plan living with a fully equipped kitchen, breakfast bar, dining table and lounge; large sliding doors open onto the terrace, lawned garden and private pool. Upstairs, the master suite enjoys an ensuite bathroom and terrace access overlooking the pool, with two further double ensuite bedrooms on this level and a garden-level double bedroom by the entrance.

The basement level holds a professionally soundproofed cinema room, a wine cellar and a spa area with Finnish sauna and steam shower, plus a fifth double bedroom enjoying natural light. Above, the roof terrace, reached by elevator, carries a jacuzzi, outdoor kitchen with Green Egg BBQ, fridge, sink and dining table.
